

A Student Magazine of International Training Institute

WELCOME MESSAGE

Mr. Senthil Kumaran Senthayval
Co-Founder and Chairman

INTRODUCTION:

You will not be disappointed when you choose International Training Institute (ITI) for your educational needs. ITI provides exceptional training with great facilities which will certainly meet your expectations.

This prospectus provides you with an overview of the institution's courses programs, fees, duration, study options affiliations and much more. We also recap on how ITI has grown to be the leading private training and education provider in Papua New Guinea in a short span of time. Read on to find out ITI's vision, local and overseas course programs, course fees, course duration's, affiliations & associations, other general information and contact details.

BRIEF HISTORY:

The International Training Institute (ITI) was established in March 1999 to provide affordable and quality education for the people of Papua New Guinea. ITI initially offered certificate courses in computing and had a first intake of 30 students in that year. From this humble beginning, ITI has grown to a stage where the institute now offers Certificate and Diploma courses in the areas of Business and Information Technology as well as Advanced Diploma program in Accounting, and have been associated with many local and foreign educational bodies and universities. During the past 21 years ITI has established itself a household name for education and training in PNG. The enrollment numbers of students surpassed the 1,000 milestone in 2003 whilst in the year 2017 the number of students exceeded 4,000.

Due to demand, the ITI has established branches in Lae – Morobe Province, Warangoi – East New Britain, Kimbe – West New Britain, Buka – Autonomous Region of Bougainville, Alotau – Milne Bay Province, Kiunga – Western Province, Goroka – Eastern Highlands Province, Kavieng – New Ireland, Mount Hagen in Western Highlands and Manus in Manus Province. In 2018 ITI introduced the new Higher Diploma which is a 2 year diploma program approved by Department of Higher Education Science and Technology (DHERST). The new higher diploma's are also recognized for Credits by Pacific Adventist University in PNG. The new program is also recognized by Australian universities such as Griffith University, University of Sunshine Coast and James Cook University with credits.

ITI as an organization has granted as a Full Institute Accreditation by Ministry for Higher Education, Research Science and Technology and the registration has been renewed in 2018.

During this year we are in the process of relocating Lae campus to and more modern facilities. We are also in the process of creating more new programs and also improving the existing campuses.

I would like to thank you all for viewing our website.

Mr.Senthil Kumaran Senthayval
Chairman

EXCELLENCE ITI

At ITI we celebrate, believe in and strive for Excellence. We are ranked among the country's best Private Training Institute that provide Quality and Affordable Education for the people of PNG for almost 21 years.

INTERNATIONAL TRAINING INSTITUTE

"Providing Quality and Affordable Education for your Future"

Ranked the Top Private Training Institute

POEMS

Mother ITI

By: Gwendalyn Yakam
Admin Assistant - Distance Education
(LAE Campus)

Far across the seas arrived a beautiful woman
Dressed in blue, black and red
Full of wisdom and Knowledge
Educating many young people
Giving hope to the dreamers
Encouraging them to unleash their potentials
They stand out
They reach high
They live their dreams
She watches them with admiration and affection
To the Highlands and to the valleys and to the st
She has a greater impact to the lives of those who
The mother that many won't forget in life

My Mother's LOVE

My mom's love
Is real and true love
in this world,
it comfort me
and raised me up,
from a child to a boy,
and from a boy to a man.
Only because of your love
Mom!

And I am who I am now.
Thankyou
My beloved and lovely Mom.

WHOSE FORTUNE OPPORTUNITY ON THIS LEGACY

By: PASCALIS HILLARY

DACC-S2

(LAE Campus)

Everyone can define the way they understand but all definitions and explanations nullifies legacy.

Individually, we are first and last to this earth. All are unique and different in beautifying this recess zone.

Goals are motives for the prolonging of journeys. The boldness of determination is the power of the motives to make intangible tangible. However, grave is the most riches place in the world. Hence, not everyone are successful.

Success needs visions for missions. The capability of life to guard rules to guide through focal point is not estimated but accurate. Therefore, commitment is not intermediate but having conception for future birth. Regardless, of what faced, seen, comes the way or even crying, mission is the point.

Too sweet is too sour, to eat is to plant, to rich is to poor and reach is to strive. Every achievers achieved through pain and mourning. These are the ones who work really hard in walking towards what is unseen. Even if it's cloudy, blurry or dark, what they see stands clearly firm.

Whatever achieves for either individuals or everyone's beneficial is not a goal but a legacy. That out of the milieu, the inspiration of legacy was a matter. Otherwise, is not a beneficial goal that an achiever achieves and die but continuously serving peoples eagerness.

Legacy is build up on fathers. A father is a mentor to someone who has the capacity of growing sons and daughters naturally matured. A father fathers principalities and own the universe to be his heart. And his fathering will make every mankind to Excellency's futures.

Fathers secure future opportunities in their legacies. And an opportunity has to be appreciated by the fortunate. Because they [fortunate] are not known but in planning.

Hance, thank you father founder of International Training Institute for your un-erasable footprint, let the love and light of the radiate through you until all who look up on you shall be illumined by its reflection. Be as a star, brilliant and sparkling in the loftiness of their heavenly stations.

That you don't know me yet you plan and secure me an opportunity. Many have this pleasure and go, I enjoy it today and I will go, someone else will have a privilege of it as the time turns. May my God will reward you for your eagerness of this generation and the unborn once has we are running over this dynamic world to reach the eternal goal.

SUCCESS STORY

By: **Magleen Kengna**

As the saying goes *"When one door close, the other opens."*

Completing my year 12 at Gerehu Secondary School and unfortunately was not in the selection process to continue studies at Universities and colleges, I did my upgrade at Uni Open campus.

After that I attended ITI and obtained my Diploma in accounting certificate in 2016.

After the Graduation, I applied at BSP and that's where I was successful and now currently working with the company.

My dream of working in the Bank has come through because of ITI.

I will come back and further my studies this year 2022.

Looking forward to attain my Advance diploma in accounting. ITI has given me a chance to be successful and I am so grateful.

WHERE I BELONG

Home, home, home
 I was once belongs to you
 Suddenly the flood of better education have
 shoved me out.
 Ooo my home,
 The current of cheap services have robbed
 me from you.
 Ooo my home,
 The benefits of better health have driven me out.
 I will come back to you
 The excitements of sports have flown me out of you.
 Ooo my home,
 The job satifaction have blindfolded me from you.
 Home, Home, Home

RIDDLES

By: Henceford Kiliapa

I can fall but I will never break,
and I will break but I will
never fall. Whom am I...?

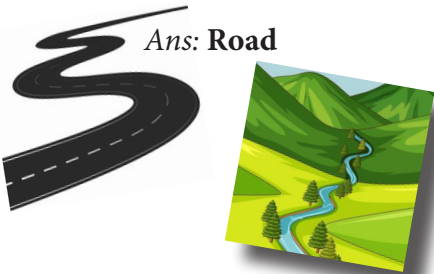

Ans: Night Fall and Day Break

By: Farrel Magun

I can go everywhere, Across the
river, Up the mountain, Zigzagging,
Every place I go,
BUT I DON'T MOVE AT ALL.
Who am I?

Ans: Road

What comes down and never goes
up?
What goes up and never comes
down?

Ans: River & Age

By: Farrel Magun

You can be the strongest, but I will
make u cry easily if you chop me,
who am I?

Ans: Onion

I follow you every single day, I
never missed a day without
you, I am always with you, even
though you forget about me, but
I still follow you, in the bad times
and the good times, I am still there
with you, the only thing I fear in the
whole world is the darkness, that's
when I will hide, Who am I?

Ans: Shadow

QUOTES

Be You,

There is somewhere along the line you'll have to choose, left or right,

There is consequences, barriers and difficulties along the journey that never gets tired,

You'll be tired, but the journey never gets tired, Everything you do, there's no limit, horizon don't know its limit, sky don't know its limit,
BUT YOU MUST KNOW YOUR LIMIT!

You can be the greatest, you can be the kingkong banging on your chest, but you must be the simplest, and not the least, Never put yourself in the other persons' shoe, you must be you,

Life will try to break you, but you must keep urging through,

Obstacles will come your way, but you must be ready to tackle it,

Situation will get much harder if you don't work much higher,

Never learn to give up easily,

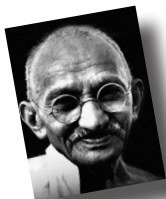

The more you give up, the more it becomes harder,

Remember, there is no shortcuts in life, let them see you as nobody rather than showing them who you are,

Remember,

your scars tell a story, they are reminder of times when life try to break you, but FAILED.

so be who you are, and never give up impetuously.

Proud to be me.

I went through a darkest time alone,

I fight the battle alone,

I went through a long journey alone, and

I survived the seasons alone,

So sorry if I act like I don't need anyone.

Farrell- DACC S1

Educational challenges together with life in every person's mind is to be educated but than comes challenges.

Challenges that we faced are both good and bad.

Many passed and continue in life while some failed, that doesn't mean we stopped it means keep going cause one day life will be in your favour.

If anyone is facing challenges in any aspects of life either in education, in homes or at work place remember when you fail this will make you to be motivated to keep striving for excellence in the future.

Every time you fall slap yourself and say i can climb one more step to reach the top and my friends you can do it. Telling yourself and being positive, your action will show what your mind tells you.

When challenges and hardship comes take it as it one step at a time. As the famous quote says 'Wind does not blow in the same direction' so 'Let the past go as water under the bridge'.

Ms. Florence Nara

ART COMPETITION

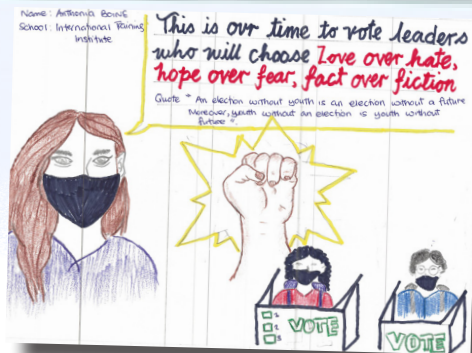

By: Henceford Kiliapa

ITI students also participated in the “Digital Art Competition Conducted by PNG Electoral Commission to create awareness about the importance of Voting” last year, whereby two of our students with their artistic & creative drawings were selected, out of about 40 students participating with impressive art works.

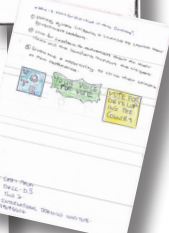

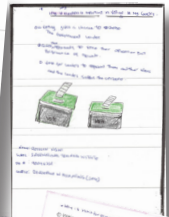

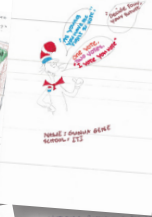

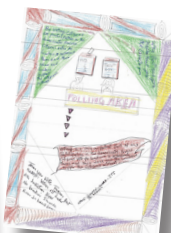

Below are some of the art drawings that were collected during the Art Competition.

“ITI was my hope to paving my way to get qualified for my position.”

I am a continuing student in diploma of Human Resource Management. I have successfully completed my certificate Human Resource management.

As an SME owner in such country has Papua New Guinea it is quite challenging and tough, I can say. It was my husband’s passion to start a business as a young man, he is an Environmental Chemist by profession, so he started a waste management company.

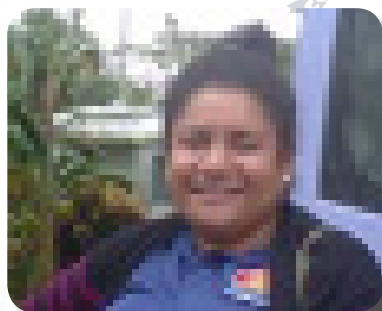

Anyway, the story is not about him, its about me, hahaha. As the wife I was responsibly supportive of his passion. I started doing a little admin work such as doing manual payroll for the little staff we had and other admin duties. Time passed and i thanked God that our company started growing and more staff coming in, I was underqualified for the position that I was responsible for.

To cut the long story short, ITI was my hope to paving my way to get qualified for my position. Attaining my certificate in Human Resource Management has given me so much knowledge on how to do my work and it is a bonus upon the little work experience I have. I thank God for establishing such institution to support underprivilege people like me. Now I am doing my diploma in HRM and I have so much to offer in the company I am in now.

I take this time to thank all the distance staff for your innumerable support to me in my CHRM course and not forgetting the lecturers of the respective subjects.

Walk-in Interview with Eliseo Group of Companies organized and arranged by ITI OJT Officer for ITI Students

SUCCESS STORY

By: Penielle Henry

"I studied Diploma in Accounting June of 2019 to September 2020. I guess for me it has always been three things ;

- i. *Trusting in God*
- ii. *Trusting in the Process, and*
- iii. *Doing my best or working hard with what I do.*

I was employed with Beachside Brasseries as an Admin Officer specializing in Payroll and Purchasing whilst studying with ITI.

Right before the second semester the outbreak of Covid began , normal classes was disturbed that's why instead of completing studies in June of 2020 the new normal kicked in and prolonged the schedule to September. Half way though second semester the company I worked for was forced to close business and when May came I was officially unemployed. I knew at the time that I had to trust in the programs that ITI has in place and do my best with my grades in order to get me to my next employment, it seemed that was the best option at the time as due to Covid, chances of success for personal job hunting was very slim.

Few months down the line after complying with Mr.Nagul and Miss Pero, I was one of five students recruited by DHL Express as part of the OJT program that ITI offers. It was a very challenging year for them being in that department but they did a tremendous job not forgetting the lectures for their time and dedication. They understand the time frame they have on hand to ensure students grasp the concept of every subject/module under the course.

I started with DHL as a receptionist 7th December 2020 it was a long shot but six months after, July 14 2020, there was an opening in the Finance department for a banking agent and I became the successful internal applicant. The job title name was just recently changed to Query Handler but I am glad I took to heart the advice and encouragement of the OJT team because it landed me a permanent position in one of the global organizations operating in PNG. ITI understands the money we spend to get the education and skills that we need so they try to give back to their students in every way possible if only we are compliant and trust the process that are already in place .

Looking back, I am glad I made the choice to study with ITI, it is the best place to go to academic and career wise .

SUCCESS STORY

By: *Leonie J Lape*

"ITI has given second chances to people who couldn't make it or were left out by the Education System."

I registered with ITI when I picked up my Acceptance letter late from UPNG. With ads I saw in the Newspaper, my parents urge me to enroll with ITI. I registered to do my Certificate and Diploma in Business Accounting at ITI - Kimbe Campus. I eventually received my valedictorian Award and maintained high GPAs from continuing on to Advanced Diploma.

With the help of Mr. Sivanathan Sivaruban, I'm now working in one of PNG's top and prestigious Insurance Broking Company, **Kanda International Insurance Brokers and Risk Consultants**, as a **FINANCIAL OFFICER (Broker's Assistant)**.

With ITI's affiliation with CPAPNG, I'm slowly making my way up to be one of PNG's Women Accounting Technician as my next goal. I'm proud to select my path with ITI. If I can be somebody, you can be somebody too.

*“Time is like a river,
You cannot touch the same water twice, because the flow that has passed will
never pass again.”*

Completed my grade 12 at Gordon Secondary School in 2019, I did not make it into University. However, I did get offer letters from POM Business College and ITI, in which I confidently chose ITI to take up the two year Diploma program in Business Accounting.

Sadly during my first year of study at ITI, my father passed away. Life had been hard since then. Nevertheless, I strived with a strong Heart and thankfully completed my studies in Diploma in Business Accounting in 2021 at ITI POM Campus.

I now have a job with Eliseo Group of Company as an Admin Assistant, which I would like to thank the ITI OJT Team who have given me an opportunity and hope of a life time. Without regret, I am proud of my choice in taking up this course here at ITI.

ANNUAL EVENTS

ITI FOUNDER'S DAY

ITI Founder's Day is a Special day event that is held every year in all ITI Branches nationwide to commemorate the establishment of ITI by the co-founders *Professor Late Senthayval* and his son *Mr. Senthil Kumaran*.

Co-founder
Late Professor Senthayval

Co-founder and Chairman
Senthayval Senthil Kumaran

During the Founders Day, certain Sporting, Fun-games other Social games are organized & hosted by both the ITI Students & ITI Staff as a whole for the commemoration.

We look forward to another epic Founders Day this year & we invite all Staff & Students to come and observe the Founders Day with lots of fun & entertaining social games.

ITI COMMUNITY SERVICE

Much More than a school

As part of social obligation, ITI has been continuing its good will by giving back to the community in a way of sponsorship and endowing support to public and private organizations in the country for a good care.

ITI Scholarship

Amidst the challenges brought by Covid 19 pandemic, ITI continue its commitment to fulfill a social responsibility through its annual scholarship program by providing a grant free of school fee to the deserving grade 12 school leavers across Papua New Guinea. The scholarship has been the biggest and leading community service among other sponsorship of the institution. Supporting underprivileged but brilliant students who have no opportunity to pursuer University studies due to financial constraints and limitation of space. With this scheme, the scholars will be able to enhance their academic qualification and obtain hands on training to prepare them to be more competitive and confident in looking for a job in their future endeavor. The award recipients are grade 12 students from various secondary and national high schools in National Capital District, Central, Eastern Highland, Morobe, New Ireland, West New Britain, Milne Bay and Western

Province. Other recipients are from sports, corporate, church group and less fortunate individuals.

So far, the institute has been allocated more than two million kina worth of scholarship since 2015.

Moreover, ITI has been awarded 600 scholars ever since scholarship program inception.

As a result, most of ITI scholars are now successfully employed with a good position in private and public organization in the country.

ITI will be continuing to contribute in building more human resource in the nation by delivering quality and affordable education for the future generation.

BLOOD DONATION

“Giving people Hope And a Second Chance in Life.”

Bi-annually ITI Staff and Students donate blood to Port Moresby General Hospital Blood Bank to save lives. The Blood Bank received 52 blood bags from the generous staffs and students at ITI last year. We will continue to serve mankind through this service of reviving hearts.

A few Benefits of Giving Blood:

- Giving blood can reveal potential health problems
- Giving blood can reduce harmful iron stores
- Giving blood may lower your risk of suffering a heart attack
- Giving blood may reduce your risk of developing cancer
- Giving blood can help your mental state and more

Always remember, you are:

“Giving people Hope And a Second Chance in Life.”

Welcome to the 3rd Edition of the Annual Focus magazine of ITI.

The ITI Focus magazine is a yearly school magazine that is published to showcase the success and creativeness of students from ITI from various provinces within the campuses throughout Papua New Guinea.

Since the Covid-19 Pandemic, the Publication team of have gathered & collected the contents such as stories, poems, jokes, quotes and pictures of various students who has share their creative works & stories of courage and bravery in their time with ITI during this season of pandemic.

I congratulate the entire team for their hard work, dedication, and efforts for a tremendous job. Their tireless efforts & passion, to stay up late and awake before dawn to pursue this work. The reflection of the students, staff and teacher have shown a good level creativity, making it the soul of this magazine.

The beloved staffs and students of ITI has made this years Focus Magazine possible, to be publish in a tremendous ways by sharing their success and what they have achieved.

ITI's role is not only to pursue the academic excellence, but also to motivate and empower students to be life long learners, critical thinkers and productive members of the ever-changing global society.

With that, on behalf of our team here at ITI Port Moresby Campus, we want to say
THANK YOU.

“Dream big, think big, experiment and passionate in whatever you do.”

Happy reading!!
