- DHERST HELP Loan offered to successfully graduated Grade 12 and Diploma students.

# MESSAGE FROM THE CO-FOUNDER OF ITI

**Welcome all new students for this year and I encourage you to study well in ITI campuses throughout Papua New Guinea.**

Senthil Kumaran Senthayval  
Chairman  
International Training Institute

## Introduction and History

The International Training Institution (ITI) was established in March 1999 to provide higher and quality education to the people of Papua New Guinea.

From its humble beginning, ITI initially offered Certificate courses in computing with 30 students.

Within 25 years ITI is recognized as a household name in higher education and training in PNG. The institution has grown to a stage where it is offering Certificate and Diploma courses in areas of Business and Information and Communication Technology. Advanced Diploma program in Accounting is also offered and ITI is associated with other local and foreign educational bodies and universities.

Due to demand, the International Training Institute has established branches in Lae - Morobe Province, Kimbe - West New Britain, Alotau - Milne Bay Province, Kavieng - New Ireland Province, Goroka - Eastern Highlands Province, Kiunga - Western Province and Kokopo - ENBP.

The enrolment numbers of students surpassed 1,000 milestone in 2003 whilst in the year 2018 the number of students exceeded 5,000.

In 2018 ITI introduced the new 2 year Higher Diploma program which is approved by the Department of Higher Education, Research, Science and Technology (DHERST). The new program is also recognized by Australian universities such as Griffith University, James Cook University, University of Southern Queensland and University of Sunshine Coast with advance standing.

Within Papua New Guinea, the Pacific Adventist University and Divine Word University has an understanding with ITI. Graduating 2 year Higher Diploma and Advanced Diploma in Accounting students can apply to these universities and if accepted they will be given various advance standing into the degree programs.

ITI as an organization is registered with the Department of Higher Education, Research, Science and Technology and has being granted a Full Institute Accreditation since 2014 and is renewed continuously.

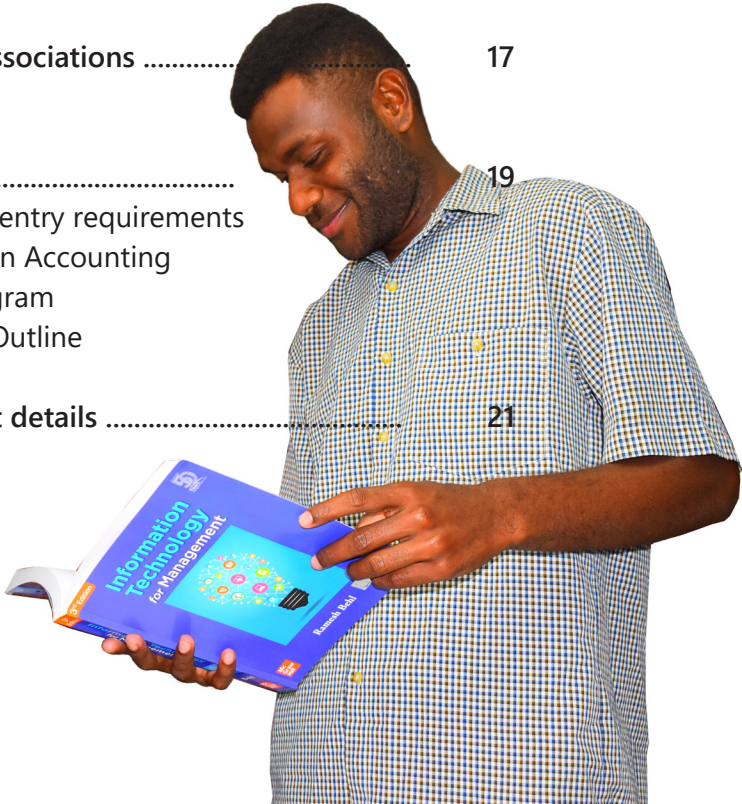

In order to improve our facilities in the campuses outside Port Moresby we are investing in upgrading our campuses since 2019.

Lae campus was relocated with modern facilities and internet access. Kavieng campus was relocated to Kavieng town area with modern facilities. In 2019 Warangoi Distance centre was moved to Kokopo town.

ITI aims to develop more programs and is in the process of improving its facilities in all our campuses. In addition we are upgrading staff skills and improving our Research portfolio.

# ITI Learning Facilities and Course brief

## Facilities for Higher Learning

International Training Institute has established modern learning facilities at our seven centres within Papua New Guinea.

To provide our students with the best possible study experience, ITI has endeavoured to provide eminent facilities that include;

- Well qualified lecturers and trainers
- Rooms that are fully air conditioned with multimedia equipment.
- Spacious lecture rooms and computer labs with wireless network and internet access.
- Specific training rooms for Corporate Training.
- Student support services that cater for student printing and photocopies.
- 24 Hours security, fenced and secured study environment.
- Spacious car park
- Library and Bookshop
- Multiple study areas
- Computer Practical Lab
- Student Counselling Services
- Online Library Facilities

## ITI Full-Time Courses

ITI offer full-time Courses in Business and Information Technology on Campus.

Courses are open to Grade 10 and 12 students and, the working class people. Study materials, schedules and ITI guide booklets are given to students when they register under their choice courses.

Our Institution's Study On-Campus programs are a variety from Certificate to Diploma Courses and Advanced Diploma in Accounting.

The two year Higher Diploma Courses are only for Grade 12 students who meet the entry requirements which is approved by the Department of Higher Education, Research, Science and Technology (DHERST).

## Study by Distance

ITI Distance mode learning provides you with an opportunity to study regardless of location and can allow you to continue meeting life commitments such as work, family, travel and religion.

You can vary the number of units you study each semester to further suit your circumstances. Students receive their study materials through the mail.

The course outline, student guide book, textbooks and methods of assessments are similar to those provided on-campus. Student receive certificates and academic transcript similar to full time students on campus when the course is completed.

## Corporate Training

ITI Corporate Training specialize in delivering short courses and training for individuals and corporate clients within the public and private sectors.

Corporate short courses are specifically designed to effectively solve workplace problems we encounter daily in the current challenging business society. Furthermore, the courses are for career enhancement to achieve productivity and desired results.

ITI also offer Certificate 4 in Training and Assessment (TRA40B) PNG NQF.

# ITI Campuses

## PORT MORESBY CAMPUS

Our facilities in Port Moresby Campus caters for the ever increasing student population. The campus is located along Stratchley road, Badili, which is opposite to Badili Stop N Shop and two minutes walk from the main bus stop in front of Badili Police Station.

Being the largest from other ITI campuses, the POM campus consist of the Academic department, Administration division, Human Resource, Accounts, Marketing, Registry and the Corporate divisions.

Other resourceful divisions include the Student Support Services, IT Support department, Publications, Learning and

Development, Quality Assurance, Distance Learning, Student Counselling, Library and the Printing department.

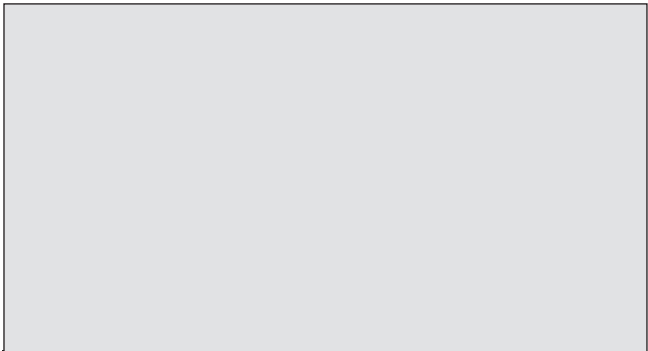

Academic department is catagorized into two sections, the IT and Business divisions respectively.

The ITI Management has also given assurance for its current on-campus study students to have a Student Representative Council (SRC).

The SRC is also allocated with it's own operational office within the campus.

Student Representative Council Elections are held every year for new student reps.

# ITI Founder's Day

**25<sup>th</sup>**  
Anniversary  
1999-2024

Co-Founder of ITI, The Late Professor Senthayal Thuraiappa served Papua New Guinea as an Auditor General then later became head of Commerce at the University of PNG (UPNG). In his retirement, he initiated the vision to provide 'Quality and affordable Education'.

Every year ITI campuses throughout the nation celebrate "ITI Founder's Day" through sports and talent shows to commemorate his dedication, hard work and commitment towards the betterment of PNG students.
